

Basic Detail Report

August 28, 1962

Dear Martha + Mike:

Seems as though I haven't written for a long, long time now, & I'm sorry. We got your last good letter & thank you. And thanks for forwarding that letter on to Ruthie - She wrote me a nice letter back soon after that. We have both been pretty busy working on new things & the time is flying by. It sure would be swell to see you all again & your kiddie must really be growing up fast now - I don't suppose I would recognize them anymore. I wonder how he does now little baby? That must have been a jolt. Well I'll bet she's a doll. Tell her love & Frank hello - I think of them quite a bit & hope they are happy. We still have the dove to settle out there eventually - I don't know when, but someday we will - Even Son Pedro would be OK. Oskis is still home to me, even though it was beautiful here & Jimmy's folks are fine to say I'm having a new man show again, as the month of October - I'll send you one
