

## Landscape with Figure, North Wales

**Date**  
circa 1900

**Primary Maker**  
William Strang

**Medium**  
Oil on canvas

**Description**  
Impressionistic landscape with a figure. This man is gathering wood for his fire which can be seen in the foreground. The sky is gray and menacing. The figures seem quite small among the dark mountains in the middleground. However, this figure stands out clearly from his somber surroundings due to his light tonality. - -Comments of John Estabrook at the time of purchase.
